March 23, 2020

Dear Valued Customers:

This morning, Massachusetts Governor Charlie Baker ordered nonessential businesses in the state of Massachusetts to close effective Tuesday, March 24th at noon until April 7th at noon. Functioning critical infrastructure is imperative during the response to the COVID-19 emergency for both public health and safety as well as community well-being. Certain critical infrastructure industries have a special responsibility in these times to continue operations. AccuRounds is part of the Critical Manufacturing Sector and will remain open. Critical Support Sectors are identified here: https://www.cisa.gov/identifying-critical-infrastructure-during-covid-19.

AccuRounds is strongly committed to the health and well-being of our team members and their families. We are following guidelines and recommendations of the World Health Organization (WHO), the Centers for Disease Control and Prevention (CDC), the Occupational Safety and Health Administration (OSHA), along with state and local official guidelines.

We are regularly meeting with our team to review preventative measures and are cleaning and disinfecting our facilities and equipment on a frequent basis.

Please let us know if we can assist you in any way. Wishing you and your families the best of health during these uncertain times.

Sincerely,

Michael Tamasi
